The text of the following communication to the Secretary-General, U Thant, which has been circulated to Member Governments as a note verbale, is reproduced below for the information of correspondents:

PERMANENT MISSION OF GREECE
TO THE UNITED NATIONS

New York, May 9, 1967

The Permanent Mission of Greece to the United Nations presents its compliments to the Secretary-General of the United Nations, and with reference to the Secretariat's Note No. PO 210 BAL of May 2, 1967, transmitting to all the Permanent Missions a communication of the Permanent Representative of the Mongolian People's Republic dated May 1, 1967, and appendage thereto, concerning alleged danger of mistreatment of patriots in Greece, has the honour to state briefly the following:

The Royal Greek Government does not recognize to anyone, least of all to the Government of Mongolia, the right to meddle in the internal affairs of Greece.

The demarche of the Mongolian Government does not only infringe upon one of the fundamantel rules of International Law governing relations between sovereign states, but also constitutes a flagrant violation of the letter and the spirit of the Charter of the United Nations.

In these circumstances, the Greek Mission does not intend to discuss the ill-conceived and entirely improper Mongolian protestations. It will only note in passing the blatant contradiction which emerges from an even superficial comparison of the allegations and surmises contained therein with the contents of the Secretary-General's communication to the Press of May 3, 1967 (Press Release SG/SM/705).

(more)

ENC TO A-1867 FROM USUN

DECLASSIFIED
NV/78
12 May 1967

Out of the respect for the same principle of non-interference in the domestic affairs of other sovereign states, the Greek Mission is resisting the temptation to do more than remind the Mission of the Mongolian People's Republic that the latter's Government would do better and would thus better serve the cause of Democracy — it seems so concerned about — if it took another, a more serious look at conditions still obtaining in its own land.

The Greek Mission would appreciate it if the present note were given the same degree of circulation as that accorded to the letter from the Mongolian Permanent Representative.

The Permanent Mission of Greece avails itself of this opportunity to renew to the Secretary-General the assurances of its highest consideration.
